

200 Tillyard Drive Fraser ACT

3 2 2

Situated in the tightly held suburb of Fraser you will find this partially renovated family home. Walking into this beautiful property you are greeted with neutral flooring and the open plan living, dining and kitchen bathed in natural light with great views from the home's elevated position.

The new kitchen is truly unique and well-appointed with high quality appliances, stone benchtops and soft close drawers and doors. The family chef will love the ample bench space and storage and the large island invites family conversations while meals are prepared.

The main bedroom ensuite has been renovated and has a large built-in robe, whilst the remaining bedrooms all have built in robes and are serviced by the main bathroom and a separate toilet.
